

## ***DISCLAIMER OF WARRANTY***

By purchasing this product and opening this box, purchasers expressly acknowledge, understand and agree that they take, select and purchase these brake systems, parts, and equipment from AP Racing<sup>®</sup>, its affiliates, distributors, and agents (collectively, “AP Racing”) “as is” and “with all faults.” The entire risk as to the quality and performance of these brake systems, parts or equipment is with the purchasers. Should the goods prove defective following their purchase, the purchasers assume the entire cost for all necessary servicing or repair or any resulting liability.

AP Racing<sup>®</sup> makes no warranties whatsoever, expressed or implied, oral or written, to purchasers or any users of these products. AP Racing<sup>®</sup> expressly disclaims any implied warranty of merchantability or warranty of fitness for a particular purpose, including fitness of these systems, parts or equipment for racing.

By purchasing this product and opening this box, purchasers expressly acknowledge that AP Racing<sup>®</sup> does not make or cause to make any representation or promise to purchasers which relate to the brake systems parts or equipment that becomes part of the basis of the bargain between AP Racing<sup>®</sup> and purchasers. Purchasers expressly affirm that they are relying upon their own skill and judgment in selecting and purchasing these goods as suitable for purchasers' intended use.

Purchasers understand and agree that no officer, director, salesman, distributor, or agent of AP Racing<sup>®</sup> has any authority to make any statement contrary to the terms of this disclaimer and agreement. On the contrary, AP Racing<sup>®</sup> disavows any statement contrary to what is written above.

### **WARNING**

**The brake system is a safety device; personnel performing any replacement or maintenance operations must be competent and certified.**

## **SAFETY AND WARRANTY INFORMATION**

### **WARNING concerning driving**

The fact that a vehicle is fitted with an AP Racing® Formula Big Brake Kit must never allow the driver to be tempted into taking risks which could affect the safety of either the driver or other road users. The addition of an AP Racing® Formula Big Brake Kit cannot overcome the consequences of trying to stop in too short a distance, cornering at too high a speed, or the risk of aquaplaning. The driver should always take road conditions into account. A slippery road always requires more braking distance for a given speed, even with an AP Racing® Formula Big Brake Kit.

The driver must at all times remain compliant with all applicable laws and regulations and, in particular, ensure that the use of the AP Racing® Formula Big Brake Kit is fully compliant with those applicable laws and regulation

### **WARNING concerning installation**

Installation of any component or system should only be performed by persons experienced in the installation and proper operation of disc brake systems. These are high performance components which will not function as intended if misused or if not installed properly to the correct specifications. It is the responsibility of the individual installing any brake component or system to determine the suitability of the component or system for that particular application. It is the ultimate seller's responsibility to ensure that the sale of the AP Racing® Formula Big Brake Kit is compliant with all applicable laws and regulations.
