

AP Racing is the world's most successful Brake and Clutch supplier to the Motorsport market, providing systems to every F1 championship winner for the past 50 years. AP Racing is also a leading supplier of Brake and Clutch systems to the high-performance automotive OEM and aftermarket.

Following continued success based on ground breaking technologies and quality, AP Racing is entering the next phase of its development both in the race and road sectors.

## Expeditor

**Salary + Benefits, Competitive (depending on experience):**

**Department:- Internal Logistics**

**Role:- To optimise logistics flow to achieve delivery and stock targets for AP racing in line with TS/IATF and Process requirements.**

- To support the Planning and Forecasting Manager with the responsibility, workload aims and vision of the department as part of the Operations Management Team.
- To deputise for the Planning and Forecasting Manager as appropriate in the functional area as and when necessary.
- Lead and manage the outcome for Team Priorities-Roles and Responsibilities.
- Ensure excellent on-time product supply to our Customers by translating their demand into an achievable, optimized production schedule.
- Optimise capacity through the utilisation of capacity planning and machine/man availability.
- Analyse customer requirements to ensure efficient build planning.
- Leads the development of stock management systems and processes.
- Recommends and implements process improvement initiatives.
- Leads cross functional problem solving when focused to procurement related areas e.g. Capacity, Production Plan etc.
- Train team members.
- To understand, maintain appropriate KPIs and meets/exceed the KPI targets. If below target sets and achieves clear recovery plans.
- To embrace new technology including new software whenever required by the business.
- To attend training courses as required as well as proactively seeking personal improvement through working with other departments
- Complete and maintain accurate, timely documentation and records as required by the business.
- Maintain the required standards of Health and Safety and housekeeping.
- Support other teams and functions as required by the business.
- Undertake self-development activities as required by the business.
- Undertake any other tasks or duties as required by any Director or relevant level authority within the business.
- Contribute to the continuous improvement of processes and practices operated by the Company.

### **Person Specification:-**

Ideally – Degree or equivalent level qualification and/or 5+ Years' Experience in an internal logistics/ Planning environment. Applicants should have an excellent understanding of MRP (AX preferable or SAP etc.) and able to manage complex supply chains. The aim is to reduce inventory levels whilst increasing production efficiency in an environment with variable demand in respect to both volume and variety.

The ideal candidate will be qualified to degree/HND/HNC level, have good general PC Skills and have good organisational and time management skills.

The candidate will also have excellent communication skills, both verbal and written, and be team orientated. The candidate will be highly committed, self-motivated and a willingness to take ownership is essential.
