

AP Racing is the world's most successful Brake and Clutch supplier to the Motorsport market, providing systems to every F1 championship winner for the past 50 years. AP Racing is also a leading supplier of Brake and Clutch systems to high-performance Automotive Manufacturers.

Quality Inspection Placement 2023/2024

Role:

Supporting the principal inspector and fellow colleagues with workload, aims and visions of the department. Developing a wide range of soft and hard skills, liaising both internally and externally across various departments, and communicating with suppliers.

Follow procedures to inspect AP Racing products - understanding the history of parts, ensuring correct documentation is in place, checking visually and dimensionally to ensure high quality components are released.

Will receive training in understanding engineering drawings and use a variety of metrological equipment, whilst being exposed to the full range of AP Racing products, gaining a better understanding of brake and clutch systems.

Desirable Relevant Skills:

- Knowledge of small tooling for assembly and manual gauging tools
- 2D Technical Drawing
- Microsoft Office

Desirable Personal Skills:

- Analytical Skills
- Attention to Detail
- Innovative
